Starring

Francesca (Acted by Shim, Hye-Jin)

No one knows what is going on her mind. She's cynical and heartless. She's a descendant of a prestigious vampire family. As sophisticated as she is, others have a hard time understanding why she bit someone like Doo-il. She reluctantly acts as Doo-il's wife. She doesn't care whether Doo-il hates her or not. She has a long dark hair and casts a cold eye. However, there's something about her that attracts us and it's hard to dislike her.

Doo-il (Acted by Lee, Doo-II)

He's the unluckiest man in the world. On the day when the only woman he ever loved refused him, he runs into Francesca and becomes a vampire. He's a 40 year-old single man who has never had a real girlfriend. He believes that he can be a human again as long as he lives with the vampires until that day. Since he knows about the humans well, he constantly worries about everything. He seems timid and chicken-hearted, but he's actually a very sweet and warm-hearted person.

Elizabeth (Acted by Jung, Ryeo-Won)

She's cute and sexy. Even in the vampire world, she is considered a very hot woman. She's very interested in human fashion and culture. She has an eye for fashion. She has to find the perfect man who can become an elite vampire before that day. She's constantly dating, but she's not attracted to just good-looking men. It seems that there's something more important in humans.

Kyeon (Acted by Lee Kyeon)

Unlike his perfect appearance, he's extremely simple and rather ignorant. During the worst famine in vampire history, he survived on chicken blood, but it seems that his brain was damaged in the process. Thanks to his handsome appearance, there are always women around him, but it doesn't take long for the women to figure out there's something missing about him.
